

Cancer Care Management

Nothing about cancer is easy. Included Health is here to help.

Cancer Care Management offers personal support for a cancer diagnosis. Enroll today for help from dedicated experts who support your current care—it's easy, convenient, and won't cost you a thing.

How we help:

-  We find a specialist to review your diagnosis and treatment to get you confidence in your care.
-  We offer you the option of working with a care team of doctors, including oncologists, a nurse care manager, and a care coordinator.
-  We review healthcare bills, explain any confusing charges, and make sure you're not overpaying.
-  We can find a therapist or psychiatrist for help with stress, anxiety, and complications of a cancer diagnosis.

When we help:

- Breast cancer
- Lung cancer
- Melanoma
- Recent diagnosis
- Prior diagnosis
- And more
