

Care Management

Personalized care for complex and chronic health conditions.

Enroll in Care Management from Included Health to get a team of doctors, specialists, and care coordinators for 24/7 support.

How we help:

-  We create a custom care plan for your unique needs using the latest medications, procedures, and treatment options.
-  We find the clinical support you need from high-quality primary care doctors and specialists for your condition—whether virtual or in-person.
-  We review healthcare bills, explain any confusing charges, and make sure you're not overpaying.
-  We collaborate with your in-person doctors to ensure the best care and also offer 24/7 on-call support.

When we help:

- Diabetes
- Cancer
- Heart disease
- Pain management
- Recent ER visit
- Pre and postnatal care
- High healthcare costs
- Recent hospitalization
- And more

Who is eligible?

An Included Health care coordinator can tell you right away if you're eligible. Call 1-855-524-8426 or send a message in the app.

Included Health - available at no cost to Uniti employees enrolled in a BCBS or UMR medical plan and their covered dependents - is HIPAA-compliant. Your information is private and confidential.
