

Get matched with an in-network doctor near you.

Based on your unique needs, Included Health can match you with a high-quality doctor or specialist who's in-network, nearby, and available. We can even book your first visit for you.

We take the hassle and guesswork out of finding a doctor.

We review nearby options for quality, experience, and availability to find the right fit.

We use over a billion pieces of data to identify quality doctors you can feel confident in.

We match you with doctors who practice safe medicine and use methods proven to help patients.

What kind of providers we can find:

- Primary care doctors
- OB-GYNs
- Dermatologists
- Endocrinologists
- Surgeons
- Therapists
- Psychiatrists
- Pediatricians
- And more

Available at no cost to you.

Included Health is part of your benefits, so it is no cost to you and your covered dependents.

How to get started:

1. Activate or log in to your Included Health account.
2. Message a care coordinator.
3. Get paired with a doctor chosen just for you.

Find a doctor.
